Tłıchq Government

## Tłıchq Government

invites all suitable qualified candidates, to apply for the position of

# REGULATORY SPECIALIST

## Culture and Lands Protection Behchokò, NT

**Full-time, Permanent**

Tłıchq Government is committed to attracting and recruiting the best possible candidates for available positions. The principles of fairness, qualifications and Tłıchq citizenship guide the hiring of Tłıchq Government employees.

Reporting to the Manager, Lands Regulation, the Regulatory Specialist is accountable for conducting technical assessments; making recommendations on land and water use submissions; reviews for mining and other land use developments on Tłıchq lands and within Mqwhı Gogha Dè Nııłtèè; providing technical advice relating to industrial, mining and other developments; and monitoring and evaluating compliance of land use permits, water licence and access agreement conditions. The Regulatory Specialist has significant latitude in conducting technical reviews and making recommendations concerning land, water and resource submissions and reviews.

### **Skills and Knowledge Required:**

- post-secondary degree in civil, environmental or mine engineering, environmental science, management or equivalent
- familiarity with conducting technical reviews of environmental applications, submissions and reviews, particularly for mining and industrial developments
- familiarity with land and resource management systems and approaches, and the legislative and regulatory regime (Tłıchq laws, MVRMA) applying to Wek'èezhıı and Mqwhı Gogha Dè Nııłtèè especially the land use permitting and water licensing processes
- familiarity with mapping systems and the concepts and techniques of land and resource management in northern Canada
- highly developed analytic and practical reasoning abilities
- sensitivity to and willingness to be guided by Tłıchq geographical and land and resource use concepts and traditions
- good mathematical and problem-solving abilities
- very good interpersonal and communication skills and ability to work as a team member
- very good computer skills and the ability to use electronic data bases and filing systems
- ability to work with Tłıchq community members, particularly elders and harvesters
- ability to speak the Tłıchq language is an asset

**Closing Date:** July 2, 2019, 5:00 pm
